## 2. Use the “3-Level Safe Trading Method” (Fastest for Beginners)

This method helps you win quickly while recovering losses safely.

### Step-by-Step Strategy

Play with a small amount (₹10–₹30)

#### Round 2 (if lose):

Double or slightly increase your amount (₹20–₹60)

#### Round 3 (if lose again):

Increase again safely (₹40–₹120)

This smart progression helps you recover previous losses and still make profit.

### Why it works

- 3 rounds dramatically increase win chances
- You limit risk
- Fast recovery → fast earning

Use this method only 4–5 times a day for maximum safety.
